

Summer Internships 2023

Additive Assurance is looking for current students, new graduates, or anyone eager to gain hands-on experience, solving real industry problems.

Additive Assurance is a start-up intent on revolutionising how things are made. From our deep-tech roots at Monash University, we have built cutting edge solutions for the metal Additive Manufacturing industry (3D printing). We are building solutions for one of Additive Manufacturing's greatest challenges: quality of the printed parts. We are already working with some of the biggest names in the automotive and aerospace industries, and there are bigger things to come!

Machine Learning Roles:

We have paid summer internships available for Machine Learning Engineers with:

- Proficiency in Python and PyTorch for Deep learning.
- Experience on working with SoTA computer vision models (e.g. CNNs, Transformers) for Image Classification/Segmentation/Detection tasks.
- Proficient in mathematical concepts underlying deep learning, including linear algebra, calculus, and probability theory.

Other desired attributes:

- A research oriented mindset and the capability to conduct machine learning research following accepted scientific practices.
- Excellent in following best software engineering practices and coding in a collaborative environment (e.g., sound Git practices).

Where?

These positions are based in our Oakleigh South office, a short walk from Huntingdale Station.

When?

Projects commence in late November 2023 and run through until the end of February 2024. Start/finish dates are flexible. There is an option to continue beyond that time.

Deadline to apply: 8th of October 2023.

Who?

Everyone! You must have the right to work in Australia and be able to commute to the office to be considered for the role (sorry, no remote only positions).

If you are enthusiastic to learn, enjoy working in a fast-paced, collaborative environment and have some of the above skills, apply below.

To apply, send your CV and a brief cover letter to careers@additiveassurance.com
